Staying Connected to the Communities We Serve!

You are invited to our community event. There will be FREE giveaways and all neighbors are welcome. Whether you're an individual wanting to make a difference, a business looking to give back, or a volunteer eager to help, you have a vital role in our efforts to combat violent crime in our city.

OUR MISSION

- ✓ Provide basic education to residents about gun safety.
- ✓ Meet and greet stakeholders interested in reducing gun violence.
- ✓ Continue to foster relationships with our communities.

This Community Pop-up is a series that will continue throughout the year as the RPD joins with residents throughout the city, which has been a longstanding tradition of the Department. This series will include other partners from around the Richmond area. As we continue our efforts to show our commitment to cultivating opportunities for open dialogue and building relationships with citizens that extend beyond the response to emergencies.

This family-friendly event requires no RSVP. Note that live and recorded videos and photos will be taken and may be used for media and publication.
